

# Spain, Nobody Has To Know

Nobody has to know  
Girl we've fallen so in love  
It was just a year ago  
And you've kept it to yourself  
Nobody has to know  
Nobody has to know  
Nobody has to know  
Girl our love has grown so strong  
Close the shades unplug the phone  
How can our love be so wrong  
Nobody has to know  
Nobody has to know  
Nobody has to know  
Girl we've fallen so in love  
It was just a year ago  
And you've kept it to yourself  
Nobody has to know  
Nobody has to know
