

# Sparkadia, Space And Time

You can sail to Spain,  
Catch a plane to France  
Cos I know we'll dance again

Show your hand in Monaco,  
Hear the standards of Montreaux  
Cos I know you'll be home again

Even if we're not together  
We won't be like this forever  
Space & time - this race of mine will all be in vain  
Unless we're together again

Ride the tran-siberian line,  
Buy me something in Shanghai  
Cos I know you'll be mine again

Cross the mountains of Japan,  
Remember where it all began  
Cos I know we'll be one again

Even if we're not together  
We won't be like this forever  
Space & time-this race of mine will all be in vain  
Unless we're together again

Cos I won't ever let you out of my mind  
Cos I won't ever let you out of my mind  
I won't ever let you disappear without a trace  
it's only space,  
it's only time
