

Sparkle, I'm Gone

Background Vocals: R. Kelly

Everything you said to me
I took to heart
Boy that you never knew
Someday we'd part
Wanna be a playa see
Wanna mess around on me
Every night you hit the streets
Shoulda took care of family

All I do
(All I do is)
Is lie in my bed
(Is lie in my bed)
Lonely at night
(Late at night)
It ain't right
(That's why I gotta say goodbye)

1- Seven long years
Nothing but tears
Baby, I'm gone
Won't see me no more
Seven long years
Nothin' but tears
Baby, I'm gone
Won't see me no more

Say I wanna get down with you
You say you don't feel so well
Said you worked that double shift
My heart feels something else
So I went and checked it out
Cuz last week you said the same
Called up the Drake Hotel
You was under your middle name

All I do
(All I do is)
Is lie in my bed
(Lie there in my bed)
Lonely at night
(Waiting on you)
It ain't right
(To come home to me)

Repeat 1

Baby, anything you do to me
I've already done to you
And there's nothing you can say
And there's nothing you can do

Repeat 1

Repeat 1 while:
See I never really stopped loving you
I just got tired of putting up with your Miss
Been your fool
Seven years
I tell ya this move is something I won't regret
You can save the drama
You might as well run back to yo' baby's mama

Cuz by the time you wake up
I'll be long gone
Yes I will
Seven years of the life
All I did was sacrifice
Now I'm out the door
You won't see me no more
Seven years
Nothing but tears
Now I'm gone
You won't see me no more
