

# Sparklehorse, Dog Door

oh mother I want a dog  
I want a little dog  
I saw a little dog  
his name is happy  
well this is me ...  
... old ...  
I could be a shopkeeper  
we'll call 'em ...  
she got a six foot pitchfork  
I see the wrecking-ball  
back over here together  
she got me here with or without  
she got me coming through the dog door  
she got me coming through the dog door  
I said pitchfork  
oh step-ladders  
you oughta walk away  
but you can't ...  
... stairs  
she got me gone back here  
but don't sit there  
she let me keep the deck-chair  
she got me coming through the dog door  
she got me coming through the dog door  
pitchfork (pitchfork)  
crowbar (crowbar)  
clawhammer (clawhammer)  
hot tar (hot tar)  
she got me through her middle name  
but she can make it rain  
she got a small-town chill  
and she's starving in the belly wheel  
she got me coming through the dog door  
she got me coming through the dog door  
pitchfork (pitchfork)  
crowbar (crowbar)  
clawhammer (clawhammer)  
hot tar (hot tar)
