

Sparks, Everybody's Stupid

(Ron Mael)

You fell for me, I fell for you
You think I'm great, I think you're good
and that's enough to prove
the point once more
Everybody's stupid, that's for sure

(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
Everybody's stupid, that's for sure

I light my filter, then reverse it
And burn a mouth that's weak on verbs
and nouns and nouns
but I'm not sore
Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
Everybody's stupid, that's for sure

(repeat)

I traded you for Jean and Myra
I traded them for the Mormon Choir
Now I got some music and the Lord
And I'm feeling dumber than before

(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
Everybody's stupid, that's for sure
