Sparks, Everybody's Stupid

(Ron Mael)

You fell for me, I fell for you You think I'm great, I think you're good and that's enough to prove the point once more Everybody's stupid, that's for sure

(Oh yeah) Everybody's stupid, that's for sure (Oh yeah) Everybody's stupid, that's for sure (Oh yeah) Everybody's stupid, that's for sure Everybody's stupid, that's for sure

I light my filter, then reverse it
And burn a mouth that's weak on verbs
and nouns and nouns
but I'm not sore
Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
(Oh yeah) Everybody's stupid, that's for sure
Everybody's stupid, that's for sure

(repeat)

I traded you for Jean and Myra I traded them for the Mormon Choir Now I got some music and the Lord And I'm feeling dumber than before

(Oh yeah) Everybody's stupid, that's for sure (Oh yeah) Everybody's stupid, that's for sure (Oh yeah) Everybody's stupid, that's for sure Everybody's stupid, that's for sure
