

# Sparks, Frankly, Scarlett, I Don't Give A Damn

Might as well just say it  
Might as well just come out and say it  
You have your fans, but frankly, Scarlett, I don't give a damn  
All that Moonlight and Magnolia  
It just doesn't cut it, it just doesn't cut it anymore  
You had your chance, but frankly, Scarlett, I don't give a damn  
Ashley Wilkes, gentleman that he is  
He'll protect you  
You had your fans, but frankly, Scarlett, I don't give a damn  
If I wanted to, I could remove all thoughts of him from your head  
Like this, like this  
Like this, like this  
You can lie all you want to do  
You can cry all you want to do  
You can scheme all you want to do  
See if I care  
You've had your fans, but frankly, Scarlett, I don't give a damn

Buildings were burning to the right of us  
Buildings were burning to the left of us  
Those fires are out now  
You have your fans, but frankly, Scarlett, I don't give a damn  
That soft southern accent  
Delivered without the slightest trace of a British accent  
Even that's starting to wear on me  
I've made my plans, but frankly, Scarlett, I don't give a damn  
If I wanted to, I could remove all thoughts of him from your head  
Like this, like this  
Like this, like this  
You can lie all you want to do  
You can cry all you want to do  
You can scheme all you want to do  
See if I care  
You had your plans, but frankly, Scarlett, I don't give a damn

We cut each other so much slack  
That we were both falling over backwards  
You had your chance, but frankly, Scarlett, I don't give a damn  
Got my bearings now, know where I'm going now  
Out... Out...  
You had your chance, but frankly, Scarlett, I don't give a damn

Might as well just say it  
Might as well just come out and say it  
Might as well just say it  
Might as well just come out and say it  
I've made my plans, but frankly, Scarlett, I don't give a damn  
I've made my plans, and frankly, Scarlett, I don't give a damn  
I've made my plans, and frankly, my dear, I don't give a damn
