

Sparks, Just Because You Love Me

(Ron & Russell Mael)

Baby, baby, give it to me, give it to me
Baby, baby, give it to me, give it,
Now is that all I get, is that all I get
Just because you love me

Baby, baby, give it to me, give it to me
Baby, baby, give it to me, give it to me
I'm not that quick (but) this is ridiculous
Just because you love me

It's common courtesy
Don't be a nurse to me
You save your worst for me
Just because you love me

Baby, baby, level with me, level, with me
Baby, baby, level with me, level, with me
What should I do when you say no
Just because you love me
