

# Sparks, Just Because You Love Me

(Ron & Russell Mael)

Baby, baby, give it to me, give it to me  
Baby, baby, give it to me, give it,  
Now is that all I get, is that all I get  
Just because you love me

Baby, baby, give it to me, give it to me  
Baby, baby, give it to me, give it to me  
I'm not that quick (but) this is ridiculous  
Just because you love me

It's common courtesy  
Don't be a nurse to me  
You save your worst for me  
Just because you love me

Baby, baby, level with me, level, with me  
Baby, baby, level with me, level, with me  
What should I do when you say no  
Just because you love me
