

# Sparks, Sextown U.S.A.

Drop the goody-goody look and put on your shoes  
Because I'm gonna recommend a little somethin' for you  
(Oh yeah)

Grab your little Lulu or your Sally or Sue  
And take her out to that Metropolis without no taboos  
(Oh yeah)

What you say  
Who are you  
Never mind  
Just sing the tune

Sextown U.S.A., we can go anywhere and it becomes  
Sextown U.S.A., we can go here or there, it all becomes  
The perfect place, and what a pace

Man, I've heard of Peyton Place and Pigalle too  
But this is better than the others, it's American too  
(Oh yeah)  
No one has the time to eat a meal or to think  
Because they're way too busy doin' Kama Sutra-y things  
(Oh yeah)

Look around  
See the sights  
Go to bed  
What a life

Sextown U.S.A., we can go anywhere and it becomes  
Sextown U.S.A., we can go here or there, it all becomes  
The perfect place, and what a pace  
There's a whole lotta fish in the sea

Sextown U.S.A., we can go anywhere and it becomes  
Sextown U.S.A., we can go here or there, it all becomes  
The perfect place, and what a pace

If you try to come here and you try to abstain  
They'll send you to the prison for the criminally insane  
(Oh yeah)

Maybe I'll just stay here for the rest of my life  
Because it's better than commuting here with you every night  
(Oh yeah)

Sextown U.S.A., we can go anywhere and it becomes  
Sextown U.S.A., we can go here or there, it all becomes  
The perfect place, and what a pace
