

Sparks The Rescue, Pine Tree State

Goodbye darling, I'll turn off the lights on my way out
I just hoped it meant more, yeah that you missed to kiss this mouth
I'm always speeding up and slowing down
I've got vertigo, put me underground
I think I'm losing control
I'm gonna find my way back to the pine tree state
In the midnight of summer where the rain and thunder play
Hello darling, thanks for the call, yeah the weathers great
But I've been lonely yeah, you miss all the important dates
I'm always speeding up and slowing down
I'm always on the go, now I'm sick as hell
I think I'm losing control
I'm gonna find my way back to the pine tree state
In the midnight of summer where the rain and thunder play
Play out like fireworks over the interstate
You are my north star when I'm lost and far away
Wait for me, I'll be coming back around
Break into the front door of your house
Stand before me, I'll put this suitcase down
Cause I ain't over you, I know it's overdue
I'm gonna find my way back to the pine tree state
In the midnight of summer where the rain and thunder play
Play out like fireworks over the interstate
You are my north star when I'm lost and far away
Cause you're my north star when I'm lost and far away
