

Sparta, Taking Back Control

This home, (This home.)
This place. (Aaha)
It turns its back on time and space.
We hope, (We hope.)
You pray. (Aaha)
But today is still today.

Oh, we ran ourselves ragged.
And all these broken backs, tragic.

We try, (We try.)
You fail. (Aaha)
Another mark you left in hell.
And this cut, (This cut.)
Will run. (Aaha)
But the guilt has just begun.

Oh, we ran ourselves ragged.
And all these broken backs, tragic.

The future bleeds
All these wasted seeds.
Don't let it go.
We're taking back control.
The future needs
All these wasted seeds.
Don't let it go.
We're taking back control.

And this hole, (This hole.)
You tore. (You tore.) (Aaha)
Left blood on every door..
We hope, (We hope.)
You find. (Aaha)
Tragedy will change your mind.

Oh, we ran ourselves ragged.
And all these broken backs, tragic.

The future bleeds
All these wasted seeds.
Don't let it go.
We're taking back control.
The future needs
All these wasted seeds.
Don't let it go.
We're taking back control.

Take control!

The future bleeds
All these wasted seeds.
Don't let it go.
We're taking back control.
The future needs
All these wasted seeds.
Don't let it go.
We're taking back control.
