

Spectacular!, Everything Can Change

Do do do do do do
Theres no easy way to figure out
Why everything we planned gets turned around
Nothing accidental, got it down to a T
So why do things never end the way you think there gonna be
If fall is for sure is that no one knows that dont be too quick to decide
Cause everything can change when you least expect it
Cant stop what you cant control
Gotta learn how to just let go
Everything can change
No, you cant profect it
Some things you cant explain
Yeah!
Oooooooooooooooooooooo
Do do do do do do do
Oooooooooooooooooooooo
Theres no easy way to plan ahead
Cant wait to get there, but we end up here instead
Anything can happen due to what it does
Somethings turned out much better the way it is with us
If fall is for sure is that no one knows that dont be too quick to decide
Cause everything can change when you least expect it
Cant stop what you cant control
Gotta learn how to just let go
Everything can (oh!) change
No you cant profect it
Somethings you cant explain
Everything can change when you least expect it
Cant stop what you cant control
Gotta learn how to just let go
Everything (yeaah) can change
No, you cant profect it
Somethings you cant explain
Everything can change (everything can change)
Cant stop what you cant control
Gotta learn how to just let go
Everything can change, everything can change
Somethings you cant explain
Everything can change
