

Spice Girls, If Its Lovin On Your Mind

I can give you what you want (I got what you want)
I can tell you what you want (tell your secrets too)
If it's lovin' on your mind I got a little time
But that don't mean it's a lifetime thing

Just because I kept your pager number
Doesn't mean I wanted to go on
Don't you know, that is just the way I am, boy?
Baby I'm not trying to be cool
I just believe that love's a waste of time
Don't you know, I'm not tryin' to press you over?

Mamma said it I could play it cool
I'll have and coming back for more

I can give you what you want (my dear)
I can tell you what you want (to hear)
If it's lovin' on your mind I got a little time
But that don't mean it's a lifetime thing
I can give you what you want,
(I can give you what you want)

Honestly, I love the way you send me
But a love ain't playin' on my mind
Don't you know, that I do not have the time, boy?
Daddy said that playin' hard to get
Won't have them beggin' me for more?

I can give you what you want (my dear)
I can tell you what you want (to hear)
If it's lovin' on your mind I got a little time
But that don't mean it's a lifetime thing
I can give you what you want

I can give you what you want (I got what you want)
I can tell you what you want (tell your secrets too)
If it's lovin' on your mind I got a little time
But that don't mean it's a lifetime thing
I can give you what you want

I know the things your dreamin' of
A part of me can feel them too
Give me a little time and I will make
All your dreams come true

I can give you what you want
I can tell you what you want (to hear)
If it's lovin' on your mind I got a little time
But that don't mean it's a lifetime thing
I can give you what you want

I can give you what you want (I got what you want)
I can tell you what you want (tell your secrets too)
If it's lovin' on your mind I got a little time
But that don't mean it's a lifetime thing (I can give you what you want)
I can give you what you want (I got what you want)
I can tell you what you want (tell your secrets too)
If it's lovin' on your mind I got a little time
