

# Spice Girls, Time Goes By

I've never had a feeling so right  
Like I have with you  
Can't explain the things you do  
But boy when you  
Tell me softly you love me too

It's like I know we were meant to be  
So for eternity  
You will have a part of me  
And all I need  
Is for you to stay right here with me, yeah

Time goes by but we stand still (know it does, I know it does)  
Love you for eternity, I will (I will)  
I know that we were meant to be (we were meant to be, my love)  
That's how I feel when you're with me

You are the reason that my heart beats  
And no, I never thought I would ever fall so deep  
But now I see  
That the love that we share  
Is oh-so-sweet

What if I told you that I believe (believe)  
That you were my soul, my destiny (my destiny, yeah)  
What if I was to say  
In every way  
Deep in my heart is where you'll be (time)

Time goes by but we stand still (I'm still right here)  
Love you for eternity, I will (I'll never go)  
I know that we were meant to be (we were meant to be)  
That's how I feel when you're with me (how I feel, when you're with me)

Time goes by but we stand still (oh time, oh time)  
Love you for eternity, I will (eternity I will)  
I know that we were meant to be (we were meant, baby love)  
That's how I feel when you're with me

As you hold me close, so tenderly  
And watch you fall to sleep  
I see in you the one (you the one)  
Who now completes  
The half of me I used to be (me I used to be)

Time goes by but we stand still (yeah-ey-ee-ey-yeah)  
Love you for eternity, I will (eternity I will)  
I know that we were meant to be (were meant to be)  
That's how I feel when you're with me  
(feel when you're, when you're with me baby)

Time goes by but we stand still (but we always stand still, babe)  
Love you for eternity, I will (stand still babe, and I know)  
I know that we were meant to be (yes we were)  
That's how I feel when you're with me

Time goes by but we stand still  
Love you forever, yes I will  
I know we're meant to be  
That's how I feel baby
