

# Spiderbait, Buy Me A Pony

Don't you wanna be  
A personality  
An ocean in the sea  
But you'll never make it  
If you can't shake it  
So don't mistake it  
Just try and fake it  
And I want you to know  
You don't have far to go  
So we'll use all your dough  
To buy new clothes  
And see what flows  
And powder your nose  
For those photos  
You're almost on your way  
To popularity  
And we'll teach you to play  
With icy stare  
And punk rock hair  
And beatnik flair  
We'll take you there

'Coz there's nobody else like you  
And we sure care just what you're doing  
After we have gone our seperate ways

So don't you want to be  
A big time entity  
Your place in history  
But don't be scared  
Of what we said  
'Coz there's no end  
To being your friend  
But wait out in the hall  
We've just received a call  
We'll have to dump you all  
But don't you try  
To pass us by  
'Coz we own you  
Until we're through

And there's so many round like you  
And we don't care just what you're doing  
After we have gone our seperate ways
