

Spineshank, If It Breathes

If it breathes - Choke it
If it breathes - Choke it
If it breathes

How do I smile this way?
I shed the light but still I
The fear that starts my day
I wonder
I wonder

What has to happen to make you see?
Make you see
If nothing happens would you feel?
(I've got to, I've got to, I've got to take it)

If it breathes - Choke it
If it breathes - Choke it
If it breathes - Choke it
If it breathes

I've stolen this abuse
All I have left is just these scars

What has to happen to make you see?
If nothing happens would you feel?
(I've got to, I've got to, I've got to take it)

You grow. You grow. You grow. You grow
You grow. You grow. You grow. You grow
Grow (Grow)
Grow (Grow)
Grow (Grow)
Grow (Grow)

Scars (If it breathes - Choke it)
Scars (If it breathes - Choke it)

What has to happen to make you see?
Make you see
If nothing happens would you feel?
Would you feel?
(I've got to, I've got to, I've got to take it)

What has to happen to make you see?
Make you see
If nothing happens would you feel?
Would you feel?
(I've got to, I've got to, I've got to take it)

Grow (Grow)
Grow (Grow)
Grow (Grow)
Grow (Grow)

If it breathes - Choke it
If it breathes - Choke it
If it breathes - Choke it
If it breathes - Choke it
If it breathes
