

# Spineshank, Mend

Forgive me for all you've done

If I led your eyes to see  
If I fed you mind with sickened thoughts  
Would you consciously concieve  
Everything that I have offered you?

Shame  
Stronger than  
Pride  
Stronger than  
Hate  
Stronger than  
Life

If I lied to you would you still believe?  
Mend your soul from my little fucking game

Have I made your life a mess?  
Is your soul perverted just like mine?  
Inconvenience by distress  
Let it go, there's nowhere left to hide

Shame  
Stronger than  
Pride  
Stronger than  
Hate  
Stronger than  
Life

If I lied to you would you still believe?  
Mend your soul from my little fucking game

If I lied to you would you still believe?  
Mend your soul from my little fucking game

If I lied to you would you still believe?  
Mend your soul from my little fucking game  
(Stronger than life)
