

Spineshank, Stain (Start The Machine)

fall in denial of
I break I give into myself
control, I break
I cannot be saved again
before you take all that was to be mine
give in because everything you taught will become

burned - in my mind
burned - redefined
burned - sterilized
burned - why?

stain all the undeserved
deny my insight has become
control I break
suffocate inside me
before you take all that was to be mine
break it down cause everything you taught will become

burned - in my mind
burned - redefined
burned - sterilized
burned - why?
