

# Spiritual Beggars, Another Way To Shine

Hatred, another way to shine  
Feel it, rushing through your veins  
You saw me falling out from a bar  
You called me hippie and bum  
You wanted to nail my face so hard

Another Pilgrim gone so wrong  
Bimbo, another way to shine  
Lolita, you pathetic bitch  
You saw me at the end of the bar  
She asked me if I had a need to play dad  
I said get out off my fucking face

Another pilgrim gone so wrong  
Another child-girl in search of love  
Another pilgrim without a clue  
Cocain, another way to shine

Feel it, dancing in your brain  
Hey Cristobal, Macho-oldman-child Spanish dealer  
Well have you found another blond child

Another pilgrim gone so wrong  
Another old man parasite  
Another spanish macho-child
