

Spiritual Beggars, Pelekas

Here I am, standing in the middle
of her heart
A year has gone by since I last
kissed her love
Yeah, I'm standing with my beloved beer
as the same feelings rush
I'm back to where life is life-Pelekas

I see another familiar face-it's Patric
Who I know won't have a shower
until he's on the boat
My three soft singin' English birds
are now four
And Cactus Marguerita my friend
Queen of it all

CHORUS:
Yeah, I'm down here again
To get drunk with my friends
Yeah, I'm back here again
And I'm filled to the brim with love...

Here I am, standing in the middle
of her heart
A year has gone by since I last
kissed her love
Yeah, I'm standing with my beloved beer
as the same feelings rush
I'm back to where life is life-Pelekas

CHORUS:
Yeah, I'm down here again
To get drunk with my friends
Yeah, I'm back here again
And I'm filled to the brim with love...
