

# Spirogyra, Hey Lady

Hey lady, where you been so long?  
Hey lady, where you dont belong  
The sun is in the sky  
The tears are in your eye  
And I see you, and you see me

Hey lady, what did I do wrong?  
Hey maybe, did I try too strong?  
You check your mate in fifteen moves  
But youre the one whose gonna lose  
Cause I know you, and you know me  
Come home

Hey lady, wont you please confess  
Hey lady, give me your address  
The sun is in the sky  
The tears are in your eye  
And I see you and you see me  
And I see you  
Come home
