

Spitalfield, Spiral Staircase

I've left this all for you to see
and what's left is me.
I'll take my time giving back your things

and I wonder, wonder
how can I get through this.
And I miss you, miss you
more and more with every miss.

and I wonder, wonder
how can I get through this.
And I miss you, miss you
more and more with every miss.

And I know you know
And I know you know

I've left this song for you to hear
now It's my biggest fear
And I know you know
and I hope you got what you wanted
out of me.
and I hope you got what you wanted
out of me.

and I hope you got what you wanted
out of me
and I'll take my time giving back you things
[x2]

and I'll take my time giving back your things
and I'll take my time giving back your things
