

Spleen United, Come On Figures

You're all figures
I'm on your side
You need structure
You need structured lives

You're a soldier
And you know you're right
You need a system
A system to fight

Come on figures
I'm on your side

Come on figures
I'm on your side

Come on figures
I'm on your side

Come on figures
I'm on your side

You're all figures
But I'm on your side
We need structure
We need structured lives
