

Split Enz, Iris

She's unaware, she'll never see me stare
Standing in the safety of my room
Well, I don't know whether she comes or goes
But I know I'll be seeing her quite soon

Ooh Iris
The girl with the lovely name
I feel desirous
I got the girl to blame
Ooh Iris

I'll be brave, put all my fears aware
I'm hoping that I get the chance to meet her
Sun or rain, I wait here every day
I wonder if I'll get the change to kiss her

Ooh Iris
I'm stuck at the window pane
I feel desirous
I got the girl to blame
Ooh Iris

Ooh Iris
The girl with the lovely name
I feel desirous
I got the girl to blame
Ooh Iris
