

# Split Second, Don't Look Back

some days seem like eternity with you  
but still there is nothing else i can do  
to keep you here  
but i can say  
dont worry we're here to lay

chorus:  
dont look back  
im by your side  
we can make it if we try  
judgement day is just around the bend  
cuz if you leave me  
my heart wont mend

for so long ive longed for someone like you  
but ive left it up to you to go and choose  
hoping i would win  
but im held down with a pin

chorus

dont turn around  
trust in me

chorus (x2)
