

# Spock's Beard, Cakewalk on Easy Street

Wednesday  
It's suppository time again  
Ain't it grand?

Friday  
I get my leg back on again  
I'll get to stand

'Cuz it's a cakewalk on easy street  
It's a new kind of day  
It's a good time  
The best you ever had  
It's the new-fangled way

Air-raid  
Sirens in the night again  
Not far away  
I'm failing  
At everything I try to win  
But that's O.K.

'Cuz it's a cakewalk on easy street  
It's a new kind of day  
It's a cakewalk on easy street

I have nothing bad to say  
'Cept all my friends have gone away  
Half of me is plastic and wood  
But at least I've got my arms - that's good

'Cuz it's a cake walk on easy street  
It's a new kind of day  
It's a good time  
The best you ever had  
It's the new-fangled way  
It's a cakewalk on easy street
