

# Spock's Beard, In The Mouth of Madness

Hey there, would you like to ride  
On the best event since suicide  
Hey, people come and board the train  
Come anesthetize your frazzled brain  
Hey you, Mister fancy pants  
Don't play it safe - come take a chance  
Hey, Mrs. I don't really care  
Come along with us, there's room to spare

Come fill your heart with gladness  
We've got no sense - no sadness  
Here in the mouth of madness

Hey, Mister, don't you walk away  
Why save yourself for a rainy day?  
If you miss it you will fall behind  
Don't think too much - just lose your mind

You'll be a Gypsy man  
You'll have no sense - no sadness  
Here in the mouth of madness

You've got no self control  
Come be the first to shout it, NOW!  
We're gonna make you whole!

Hey there would you like to ride  
On the best event since suicide  
Hey, people come and board the train  
Come anesthetize your frazzled brain  
Hey! this is your last chance  
To lose control and live the dance  
Hey, people we're about to go  
Don't fill the crowd be in the show

You've got no self control  
Now you don't feel sadness  
You're in the mouth of madness  
You'll be a Gypsy man  
You've got no sense - no sadness  
You're in the mouth of madness
