Spock's Beard, Strange World

Mary was on Face The Nation Sunday morning ten o'clock It's a very strange world In a very strange time

Jimmy makes a handsome living Juggling weapons in the park It's a very strange world In a very strange time

And so it goes slowly down the road And so I say - I got no friends today

The bomber got his manifesto Published in the New York Times It's a very strange world Got some interesting minds

Advertising pays more than a lot While the teacher's selling pies in the parking lot It's a very strange world With some well hidden crimes

I didn't know life could get so cold I didn't see - I thought they were all like me

It's a very strange world But I think I like it

I didn't know life could get so cold I didn't see - I thought they were all like me And so it goes slowly down the road And so I say - I got no friends today

Mary went to Face The Nation Sunday morning ten o'clock It's a very strange time In a very strange world
