

# Spock's Beard, You Don't Know

Every story has two sides  
But no one ever wants to hear mine  
No no one ever wants to hear mine

Sometimes it's like I don't exist  
I'm number one on everyone's most hated list  
Tearing me down is something no one can resist

You don't know  
What it's like to sink so far below  
The truth is there  
I just need someone to show me where  
I need someone to lead me there

There was time when I knew love  
But I can't remember when it was  
No I can't remember when it was  
I couldn't have been born this way  
It's been building up day after day  
A little bit of pain can go a long way

You don't know  
What it's like to sink so far below  
The truth is there  
I just need someone to show me where  
I need someone to lead me there
