

# Sponge, Got To Be A Bore

"I hope my head will heal  
I hope my head will heal  
it's all I ever wanted to feel  
All well adjusted"  
I just can't feel this way anymore  
Feeling this way got to be a bore

"I hope my head will heal  
I hope my head will heal"  
It's problematic and compelling  
a corrupt disguise

"I hope my head will heal  
I hope my head will heal"  
A flaming martyr with the pangs  
of a Jesus Christ

"It's all I ever wanted but I'm  
so self destructive"  
I can't feel this way anymore  
Feeling this way got to be a bore

So simple unassuming selfless  
human acts of grace  
With a murderd ego I go  
surely this can't be vain  
To know what you want knows  
the essence of all insane  
as I am we are  
I am all all all insane
