

Spongecola, Cigarette

Saw a picture of you
Midnight ashes turned to blue
I never that you knew
Well I don't know

Someday We'll share this cigarette
You and me like we used to
Outside the dark parking lot
Where you told me life happens
Once you close your eyes

You had to go soon
The roses didn't reach full bloom
Well I never thought that you new
Well I don't know

Someday We'll share this cigarette
You and me like we used to
Outside the dark parking lot
Where you told me that life is just not fair at all
