

# Spooky Tooth, I've Got Enough Heartaches

Flyin' high, out on a limb we'll be.  
We've got more than we could ever see.  
But to keep it is harder than anything else.  
I love ya, let me tell ya. We could go on and never miss.  
That's why I say, I've got enough heartaches. Tell me what you see when you look at me, yeah.  
We've got a good thing, let's not lose it.  
Is it right? Is it wrong when you say it won't be long.  
I've got enough, I've got enough heartaches.

Sitting here wanting you by my side. Should I run away? No, I'm afraid to hide.

Lonely, like a cross on the other side of the street. I'm mixed up, not messed up.  
Strong in a field of wheat. That's why I say, I've got enough heartaches. Tell me what you see when you look at me, yeah.  
We've got a good thing, let's not lose it.  
Is it right? Is it wrong when you say it won't be long?  
I've got, I've got enough heartaches.  
Tell me what you see when you look at me, yeah.  
We've got a good thing, let's not lose it.  
Is it right? Is it wrong when you say it won't be long?  
I've got enough, I've got enough heartaches.  
Tell me what you see when you look at me, yeah.
