

# Spoon, 1020 A.M.

1020 AM 1020 AM  
When will I ever see you again  
1020 AM  
When will I ever see you again

I carry you out  
It starts to sink in  
When will I ever see you again  
You'll be with me now  
Ever from now 1020 AM

'Cause I remember everything you did  
And I remember everything you did  
Everything you were, everything you said  
Yeah, I remember everything you did

1020 AM  
When will I ever see you again  
1020 AM  
When will I ever see you again
