

Spoon, Metal Detektor

Metal detektor ringing as im walking through the door
with every chance i take i can feel it start to break
to start to break some more
it's going down some more
im gonna break the bank of texas and walk out
it's a lie no more
all through with playing the wall
im gonna break the bank of dakota and walk right back out
it's going down some more
not gonna fake it no more
just gonna break the bank of texas and walk right out and
make the sound of getting kicked when you're down
im gonna break the heart of chicago and walk right back out
metal detektor ringing as i walk on through the door
metal detektor ringing as im walking through the door
