

Spoons, Only For Athletes

The boys run out
The crowds all shift their places
Girls will shout for every point
And after the game
Theyll kiss their human faces
Boys are just boys when off of the field
But they dont know it

Its only for athletes
The rest must pay
Only the athletes
Can play

The bets are won
The boys tuck in their places
Girls will shout in every dream
Of frantic nights
Entwined in cold embraces
Boys are just boys when caught in the cold
But they wont show it

Its only for athletes
The rest must pay
Only the athletes
Can play

And after the game
Theyll kiss their human faces
Boys are just boys when off of the field
But they dont know it
And they wont show it

Its only for athletes
The rest must pay
Only the athletes
Can play
