

# Spring Heeled Jack USA, Jolene

Jolene your stalling again  
So I'll wait here outside in the sun  
Where you keep me waiting for a long time  
Soon you'll come around and let me know its time to leave  
And I will say goodbye  
Soon you'll come around and let me know its time to leave  
Then you and I will say goodbye

Jolene we know that you'll never let us go  
Jolene we know that you'll somehow make it  
Jolene we know that you'll never let us go  
Jolene we know.

Jolene you're at it again.  
So I'll sit here in the sun  
Where you keep me waiting for a long time  
Soon you'll come around and let me know its time to leave  
And I will say goodbye  
Soon you'll come around and let me know its time to leave  
Then you and I will say goodbye

Jolene we know that you'll never let us go  
Jolene we know that you'll somehow make it  
Jolene we know that you'll never let us go  
Jolene we know.

Jolene we know that you'll never let us go  
Jolene we know that you'll somehow make it  
Jolene we know that you'll never let us go  
Jolene we know that we'll some how meet again.
