

# Sprung Monkey, Get A Taste

I been rollin in that purple  
I been passed around in circles  
Oh everybody's smilin  
While they're dialin in the warm sun  
Sit around just laughin  
Hopper's always packin  
Fun is always flowin  
The smoke rings always blowin

Man you gotta get a taste of this  
You just don't wanna miss  
I can't believe  
That i just met you  
So long i tried to find  
Something to ease my mind  
I do believe  
I finally found you  
Plant one  
Grow one  
Taste one  
Know one  
Plant one  
Grow one  
Taste one  
Know one

And i'd like you to come and meet a friend of mine...

Yeah floatin in that purple  
Yeah spun me round in circles  
Oh temperature is rising  
Time to cool out in the ocean  
Tippin back and swayin  
It's like i'm always sayin  
It's all in what you're rollin  
It's all in how you're strollin

Man you gotta get a taste of this  
You just don't wanna miss  
I can't believe  
That i just met you  
So long i tried to find  
Something to ease my mind  
I do believe  
I finally found you  
Plant one  
Grow one  
Taste one  
Know one  
Plant one  
Grow one  
Taste one  
Know one

And i'd like you to come and meet a friend of mine...  
And i'd like you to come and meet a friend of mine...

Plant one  
Grow one  
Taste one  
Know one  
Plant one  
Grow one  
Taste one

Know one  
Plant one  
Grow one  
Taste one  
Know one  
Plant one  
Grow one  
Taste one  
Know one  
Plant one...
