

Squeeze, Short Break

(Difford/Tilbrook)

He raped her with his eyes the minute she walked into the office as she stretched to hang her coat
It could be you it could be me
We'll have to wait we'll have to see
It's all for sale now that it's time
To take a short break

The sensation of safety and the little boy ambition to drive around
mountain roads makes a woman mad for attention she hides the car keys he turns the place upside

It could be you it could be me
We'll have to wait we'll have to see
It's all for sale now that it's time
To take a short break

There she is again this time with a pair of jeans being pulled slowly up over the curves of her body

It could be you it could be me
We'll have to wait we'll have to see
It's all for sale now that it's time
It's lighter than air
Whiter than white draft in a can
The price is right save as you go
The drive of your life it's good to talk
We say hello
We say goodbye deep frozen days
It could be you it could be me
It's all for sale now that it's time
To take a short break
