

# Squirrel Nut Zippers, Low Down Man

That low down man of mine  
Mistreats me all the time  
He says he loves me only  
then turns around and leaves me sad and lonely

If he could see through my eyes  
and be the one who cries  
he, he would see  
he would never be  
that low down man of mine

That low down man with his low down ways  
I know he'll go someday  
I'll wait till when the story's ending  
It won't be long, but from now on

If he could see through my eyes  
and be the one who cries  
he, he would see  
he would never be  
that low down man of mine

If he could see through my eyes  
and be the one who cries  
he, he would see  
he'd come back to me  
that low down man
