

# Squirrel Nut Zippers, Pallin' With Al

All the birds up in the trees have got a different song to sing  
And as birds learned now they've learned that swing  
They've been Pallin' with Al (me too)  
Down below at the candy shop, they're still workin at that same old chore  
But the stuff here's sweeter than it was before  
You know why people,  
Pallin with Al Who's that man who's got that sentimental swing  
Plays that mess just like it doesn't mean a thing  
Gather round you all and watch him  
Watch him pluck those strings  
People, when he gets that right hand pumpin'  
All those kiddies got to start buck jumpin'  
Listen now and don't forget  
If you go for that solid jive  
You can always keep the dream alive  
Be bop a doo bop a bee ba doo way
