

# Stacey Ryan, Fall In Love Alone

I'm familiar with unrequited  
I know you got a heart that's undecided just like mine  
It takes it sweet time

I been shy to dive into the deep end  
Cause I don't really wanna lose a good friend but I might  
Find something divine

It's electric every time we touch  
I've been living for this head rush  
But sometimes it's too much

If we never try  
How will we know  
Baby, how far this thing could go

Give me a sign  
If I'm on your mind  
I don't want to fall in love alone

I wish that I could tell what you were thinking  
I hate that I slip up when I've been drinking but oh well  
I can't help myself

I'm getting really tired of the back and forth  
Why don't we just give on to this driving force I mean  
There's something between us

It's electric every time we touch  
I've been living for this head rush  
But sometimes it's too much

If we never try  
How will we know  
Baby, how far this thing could go

Give me a sign  
If I'm on your mind  
I don't want to fall in love alone

If we never try  
How will we know  
Baby, how far this thing could go

Give me a sign  
If I'm on your mind  
I don't want to fall in love alone

Fall, I don't wanna fall  
I don't wanna fall in love alone
