

# Stacie Orrico, Genuine (Very Real Remix)

Ooh

I see you pass me by  
I don't know where  
I don't know why  
You choose to go the way that you're goin' now  
You been a friend of mine  
For many years  
For a long time, but  
You just aren't you today  
So what's on your mind?  
You just won't speak about it  
Think about it  
Be about it  
Gotta make yourself aware that you've gone astray  
You're trying so hard to fit in

(Chorus)

What you need is something genuine  
What you want is something real  
What you need is something truthful  
I know you do, I know you do, I know you do  
'Cause I need it too  
What you need, what you need  
What you want, what you want  
What you need, what you need  
Is something genuine

You cry yourself asleep  
Sleep at night, but one the night is gone  
And you prepare to face a brand new day  
You hide yourself behind that mastermind  
You're in disguise  
It's as if you try to put a mask on your pain  
You don't know who you are  
What you're about  
Where are you now  
You're becoming someone that you don't want to be  
You're trying so hard to fit in

(Repeat Chorus)

He loves you for who you are now, and who you will be  
Don't fear, living in truth there's reality  
I don't have all the answers  
But I know One who does  
And I know there's freedom and truth  
I go to him because

Yeah

Ooh

(I know you do)

What you need is something truthful  
What you need, what you need  
What you want, what you want  
What you need, what you need

(Chorus 2)

What He has is something genuine  
Who He is is someone real  
What He gives is something truthful  
It's what He has, It's who He is, It's what He gives  
And I need Him too

What you need, what you need  
I need Him too  
What you want, what you want  
What you want  
What you need, what you need  
Is something genuine

(Repeat Chorus 2)
