

# Stacie Orrico, Is It Me

Tryin to analyze every angle, situation  
Tryin to find an explanation  
Cause it's gettin aggrivatin  
Why my relationships never seem to work out  
Beginnin' to worry and doubt  
If I'm even able to detect he's the one  
When this day you're wonderin  
Why I havent seen the sun  
Shine his light on my heart and help me ease the pain  
Cause I'm gettin tired of the rain

Fallin on my heartbreak and I  
Get my hopes up when I'm in love  
Until we break up then I'm back to the  
Same spot, I've been lonely, drownin  
Cause every guy turns out to be the same  
So now I'm questionin' is it me to blame

## CHORUS:

Is It Me? am I so complicated?  
Is It Me? or is love over-rated?  
Is It Me? cause I dont quite understand  
Why it never turns out how I thought I planned it  
Is It Me? am I too independent?  
Is It Me? not ready for commitment?  
Is It Me? cause it doesnt seem to last  
And it's the only question that I never asked

Maybe I'm longin' for it more than I should be expecting  
All the standards that I'm settin  
Unrealistically I'm gettin  
Possibly in the way of what is left to have in store  
Because I'm so confused and insecure  
Cause when i know for certain everything is goin wrong  
I permitted to prolong  
Tried my best to hold on  
My Mister Right's probably hangin round my window pane  
While I look through only watchin the rain

Fallin on my heartbreak and I  
Get my hopes up when I'm in love  
Until we break up then I'm back to the  
Same spot, I've been lonely, drownin  
Cause every guy turns out to be the same  
So now I'm questionin' is it me to blame

## -CHORUS-

Never thought it could be that its me  
Till i realized I'm the only  
Common factor and played a big part  
In lettin people break my heart  
Never noticin' i was wasting time  
Askin the same thing every time  
Who were you with? and where were you at?  
Until I took the time to turn and look back

ooooh la la la  
la la la la  
la la la

## -CHORUS x2-

la la la

la la la la la  
la la la
