

Stacie Orrico, Star Of My Story

You are the star of my story
Every page of my life is dedicated to You
With all the fame and the glory
You are the star, the star of my story

You made it happen
I'm living a dream and it's all 'cause of You
Yes, You are my passion
The soul and the fire in all that I do
You earned every standing ovation, yeah
Red carpet night, so there You are
You are my inspiration, yeah
They call on my name, but You are the star

You are the star of my story
Every page of my life is dedicated to You
With all the fame and the glory
You are the star, the star of my story

(You are the star of my story)
Of my story, Of my story

Hey, You made it happen
You lifted me up for the whole world to see
Rolled the cameras, said action
And the next thing I knew, I have the world at my feet
You hold the star in the sky, yeah
Yeah, yeah, yeah
You put my name up in lights, and I want
I want the world to know Your name
Because to me, You'll always be my star

You are the star of my story
Every page of my life is dedicated to You
With all the fame and the glory
You are the star, the star of my story

You are the light
Yes, I know that You do it for me
That makes me shine
Every breath that I take, every word that I say
You're here every night
Yeah, You're working through my life

Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!
Oo Oo!

You are the star of my story
Every page of my life is dedicated to You
With all the fame and the glory
You are the star, the star of my story

You are the star of my story

Yeah, You
You are the star of my story
Yeah, You
You are the star of my story
Yeah, You
You are the star of my story
Yeah, You

The star, the star, the star
Yeah, You
