

# Stacie Orrico, Tight

Verse 1:

I dreamed I was headed down to Puerto Rico.  
Now I'm feeling that I really gotta go  
Cause I wanna get away and just spend some time with You  
To get away  
Cause my life is getting kinda crazy  
And the only way to make it is to pray  
That's why I'm really gonna get away  
And spend sometime with You  
Well maybe (maybe)

CHORUS:

Cause I never wanna get down  
Never want to let You down  
I'm thinking once I  
Maybe once I get away  
Maybe puts my thoughts away (yes)  
You save me (You save me), and I thank You  
Always wanna live my life just for You

So I'm sayin that I'm gonna pray everyday  
And I know that You'll always stay  
Only You can keep us tight  
So I pray with all my might  
(Repeat)

Verse 2:

At times when I'm rollin' with my crew and on the run  
And we're kickin' it all day and havin' fun  
And we know that we should really go and spend some time with You  
And we'll stay and meditate on You  
So no matter when I'm feelin' kinda blue  
There's a word on my heart that I really wanna say to You  
Well maybe (Maybe)

CHORUS

So Im sayin that Im gonna pray everyday  
And I know You're gonna always stay  
Jesus only You can keep us tight  
And I pray with all my might  
So I tell You that i'm prayin every day  
And I know You're gonna always stay  
Only You can keep us tight  
So I pray with all my might

We came here so we can rock the house  
Blow it up and turn it up  
Make you dance, make you dance  
Party even when you're puttin' me down  
Baby maybe we can rock the house  
Turn it up and blow it up  
Make you dance, make you dance  
Stacie Joy Orrico came to rock the house
