Stacie Orrico, Truth

Come on, Come on, Come on
Get your feet on the floor (feet on the floor)

Come on, come on, come on, get your feet on the floor
Stomp on it, gonna give you some more
Let me tell you how it was to be
You gotta give it all up to live eternally
Lemmme show you what you have to see
Hold your breath if you want to breathe
Gotta dig, gotta dig real deep
If you wanna find love's simplicities

Got to get it, got to have it
Got to find it, let me tell you the truth (yeah yeah)
Must believe it, Got to have it... Got to live it...
Let me tell you the truth, yeah yeah

Come on, come on, come on, come on listen to me
You're gonna change dramatically
He made my heart start to beat
Let me tell you that all His love can set you free
If you know what I say is right
If you take a look at the light
If you take what he has to give
And when only you start, you start to live

Got to get it, got to have it
Got to find it, let me tell you the truth (yeah yeah)
Must believe it, Got to have it... Got to live it...
Let me tell you the truth, yeah yeah

Got to get it, got to - oh I gotta
Got to find it, let me tell you the truth - oh I gotta
Must believe, got to have it... got to live it...
Got to get it, got to have it
Got to find it, let me tell you the truth (yeah yeah)
Must believe it, got to have it... got to live it...
