

Stacie Orrico, When We Met

spoken:
this love
was my own
in these true words.
i spoke

when i touched your heart
you said i was your star, i was your ray of sunshine
but that's, that's all we can say that's all we want to say
just to be your ray of sunshine
is to be your guided star.

when i touched your heart from far
you said that it was meant to be like the way
the way we were
i spoke my way around this awkward way
i spoke spoke my way round your heart of desperation
i said we can't be we are like family.

when i touched your heart
you said i was your star, i was your ray of sunshine
but that's, that's all we can say that's all we want to say
just to be your ray of sunshine
is to be your guided star.

this song was sang by a very old friend of mine
