Staind, Believe

I sit alone and watch the clock Trying to collect my thoughts All I think about is you And so I cry myself to sleep And hope the devil I don't meet In my dreams that I live through

Believe in me I know you've waited for so long Believe in me Sometimes the weak become the strong Believe in me This life's not always what it seems Believe in me 'Cause I was made for chasing dreams

All the smiles you've had to fake And all the shit you've had to take Just to lead us here again I never have the things to say To make it all just go away To make it all just disappear

Believe in me I know you've waited for so long Believe in me Sometimes the weak become the strong Believe in me This life's not always what it seems Believe in me 'Cause I was made for chasing dreams

It's my life It's my choice Hear my words Hear my voice And just believe

I sit alone and watch the clock Trying to collect my thoughts All I think about is you

If you believe in me Life's not always what it seems Believe in me 'Cause I was made for chasing dreams Believe in me I know you've waited for so long Believe in me Sometimes the weak become the strong Believe in me This life's not always what it seems Believe in me 'Cause I was made for chasing dreams
