Staind, Come Again (Remix)

You push yourself on me Force yourself on me Free yourself through me You better save yourself from me Every time you want me to be Something I could never be Guess you'll have to wait and see Till the next time that you have to **COME AGAIN!** I hate myself for you I break myself for you I'd kill myself for you I'd better save myself from you Everytime you want me to be Something I could never be Guess you'll have to wait and see Till the next time that you have to COME AGAIN! If you have to walk my way Have somethingto say Get the f**k away Can't take one more day I cannot conform **COME AGAIN!**
